Rasse Will be Raised. CHICAGO, III., Dec. 4 .- A special

meeting of the Western Freight association has been called by Chairman Midgeley for next Toesday to check up rates for the issuing of new tariffs. It is the intention to practically annul all previously established rates, as applied to both classes and commodity freight between points in the association's ter ritory. Among the commodity rates to be considered, with a view to revising, are those on packing house products, live stock, grain, salt, coal, pig iron, etc At a meeting of the traffic managers of the western roads today it was agreed to hereafter charge \$2 per car on all freight billed to Chicago and reconsigned after arrival. Heretofore this charge has applied only to grain shipments. The Western Passenger association closed its session today. The Wisconsin Central was victorious in its fight with Chairman Finley concerning the winter tourist rates which that road put into effect from Duluth to Texas, New Mexico and Arizonia points. Its appeal from the chairman's ruling was sustained. The regular meeting of the freight committee of the Central Traffic association will be held next Tuesday. Among the subjects to be considered are: Proportional rates from Cleveland. Teledo and other lake ports on traffic received from lake lines the revision of the percentage basis of east-bound rates: subdivision of rates on cotton from Cairo, East St. Louis and Chicago to eastern points: proportional rates on lumber from Cairo and East St. Louis as compared with rates from Chicago; uniformity as to the making and billing of freight in less than carload; practice of stopping freight in transit. The estimated gross earning of the Rock Island system, including the lines both east and west of the Missiouri river, for the month of November are \$1.559,633, an increase as compared with the estimated carnings of the correspoding month last year of \$229,519.

Madison, Neb., Dec. 4 .- Yesterday while L. H. Lyon was shelling cor. his right hand was caught in the gear ing of the sheller and was ground completely off. His forearm was so terribly mangled that it hung in shreds, rendering amputation necessary at the elbow

Left in the House.

LIMA, O., Dec. 4 .- This morning Mrs. C. C. Kitts went to a neighbor's house, leaving her two children home alone. They were both young, the eldest being only three years, and during the mother's absence the house took fire. The children were not resgued until one of them was burned to death and the other so badly that it died in a short time.

This is probably due to the unfortunate shooting of Miss McEwan by a negro in a row between whites and blacks on a Louisville & Nashville train in September.

Killed by the Cars.

ALTOONA, Pa., Dec. 4. - Robert Mc-Farlane, aged sixty-one years, was killed on the railroad near here today. He was chief engineer of the Hollidaysburg nail works and was one of he surviving engineers of the old Pennsylvania State railroad.

Des Moines Citizens Jailed.

BEATRICE. Neb., Dec. 4. Three young men hailing from Des Moines were arrested here today for peddling without a license. The trio were selling rugs and carnets by sample and taking orders for the same. They do clined to pay the license of \$20 per day and were fined \$25 and costs each. This thay refused to pay and were lodged in jail. They will as neal the ase to test the constitutionality of the

Mother and Rabe Perish.

DENVER, Col., Dec. 4 .- At the resi dence of Mrs. George Masten last night a lamp was upset by an eighteen months-old child. The oil caught fire which communicated to the child's clothing. The mother grabbed the child and rushed screaming into the street. Both were burned to death before assistance reached them.

Snow and Low Temperature.

Sr. PAUL Dec. 4 .- Heavy rain and now storms are reported from all over the northwest. Devil's Lake, N. D. reports a blizzard with drifts fifteen feet high and the thermometer at zero. Other points in North Dakota report heavy snow. Winnipeg, Hallock and various Minnesota points report severe snow storms.

Secretary Proctor Retires.

WASHINGTON, Dec. 4 .- Secretary Proctor expects to sever his connection with the department tomorrow evening or Saturday. His resignation has been in the president's hands since November 3. and will take effect at the secretary's pleasure.

Flour for Peasants. MINNEAPOLIS, Minn., Dec. 4 .- The millers propose sending a shipload of 40,000 barrels of flour to the starving peasants of Russia. Five thousand American millers will be asked to cooperate. The Russian minister at Washington has been communicated with, and in his absence the charge d' affairs at New York wires that he has laid the matter before his country. The railroads are willing to give the

THE LOVELL SAFETT.

A New Bicycle Which the Public Likes. While thousands within the last decade have enjoyed the sport of cycling, the fact, is nevertheless obvious that many thousands more have been deterred from enjoying it in consequence of the birh prices do manded for a really good wheel.

It remained for the John P. I ovell Arms Company of Boston to change this state of affairs. It was just year that the public first became aware that there was a new lowprived safety bicycle on the market, a wheel strictly high grade, and equal in every particular to any manufactured in America or Europe. As previous to this all manufacturers had charged a very large price for a fir-t-class wheel, the John P. Lovell Arms Company is therefore the first house that has ever offered the public such a wicel at a price that does not place it beyond the reach of the average person's purse. The company that manufactures this wheel (the Lovell Diamond Safety) is one of the objest of all the manufacturing; and mercantile houses in New England, having been estab-

A Chamber of Horrors.

The apartment to which the unhappy wretch is confined by inflammatory riseumatism is indeed a chamber of horrors. Appalling are the tortures inflicted by this agonizing complaint, and those endured by persons suffering from milder forms of it are severe enough. Obstituate as it is in its mature development, it is surely remediable at the outset with Hostetter's Stomact Bitters, an influitely safer, as well as more effective remedy than the polyson of the present to tive remedy than the poisons often used to subdue it. Always should it be borne in mind by those seeking relief from rheuma-tism, that though conquerable in the incipi-ent stage, it is not only stubborn but dan-gerous when fully developed, on account of its tendency to attack the vital parts. This consideration should lead to the early adoption of curative measures. The Bitters will overcome maisrial, kidney, dyspeptic and billious trouble.

Trust to luck very much and you will soon find that it is the only thing in town that will give you credit.
